SCOPE – Encouraging dialogue

Purpose of the Fraunhofer Direct Digital Manufacturing Conference is an intellectual exchange between researchers, enterprises and users of Additive Manufacturing technologies in order to gather the latest information about trends, progress, importance and the future potential of these technologies.

Innovations must lead to sustainable research and production through attractive products and services that are accepted by society and adopted by end-users.

Keynote Speakers

Keynote speakers will be Prof. Reimund Neugebauer, President of the Fraunhofer Gesellschaft, and Prof. Russel Harris, Professor of Medical Engineering and Advanced Manufacturing of AMRG Loughborough University, among others.

THEMES – Range of services in appropriate format

1. Novel Materials
2. Process Innovations: Metals, Titanium, Polymers
3. Electron Beam Melting
4. Process Monitoring and Quality
5. Numerical Simulation
6. Additive Manufacturing for mass customization
7. Electronic Applications
8. Conformal Cooling

Scientific Committee

Prof. Paulo Bartolo, Polytechnic Intitute of Leiria, Portugal
Prof. Claus Emmelmann, Institute of Laser and System Technologies, Germany
Frits Feenstra, TNO, The Netherlands
Mario Fleurinck, Melotte NV, Belgium
Prof. Frank T. Piller, RWTH Aachen University, Germany
Prof. Russell Harris, Loughborough University, United Kingdom
Martin Schäfer, Siemens AG, Germany
Axel Demmer, Fraunhofer Additive Manufacturing Alliance, Germany
